[www.watershed.uiuc.edu](http://www.watershed.uiuc.edu)

# ILLINOIS WATERSHED ASSOCIATION

***The Illinois Watershed Association is dedicated to linking together the citizens, organizations, & government entities that are committed to protecting and improving the natural resources of our Illinois watersheds.***

## Illinois Watershed Goals

- Be an amplified voice for Illinois watershed groups & conservation
- Identify funding & resources to support watershed programs
- Foster working relationships with agencies & organizations having watershed-related interests
- Gather & distribute information on financial & technical assistance for watershed groups
- Develop website with current information on Illinois watershed groups
- Future web clearinghouse for all watershed groups & agencies
- Provide outreach at watershed conferences & workshops
- Have future negotiated discounts on fees for conferences & workshops
- Host a watershed list serve for information sharing
- Be a source of information on education & training opportunities
- Provide information & resources on how to form a watershed group
- Provide direction for watershed resource planning
- Offer guidelines & examples on Best Management Practices
- Provide information on searching for & writing grants

## IWA Membership

### IWA Voting Membership

The IWA was established to be a voice for Illinois watershed organizations; therefore, voting membership in the IWA is limited to watershed organizations within Illinois that support IWA's mission and goals.

### IWA General Membership

General (non-voting) membership in the IWA is open to those with a primary interest in the improvement and sustainability of Illinois watersheds and support for the IWA's mission and goals. General Membership is for individuals, conservation and wildlife organizations, businesses, companies, corporations, educational institutions, and local, state, and federal government entities. Each of their voices are to be channeled through their local watershed organizations.
